# **Apollo ELD Tablet Update for Drivers**

You must **STOP** *after completing Step 4* and wait until your current duty cycle ends before continuing to the next step.

*Reminder:* You will be able to delay updating your tablet **twice** by selecting **"Remind me Later"**. After delaying two times, the system will require you to complete the update.

# Steps to update your tablet:

Turn your tablet on. Once your tablet checks in with the network you will receive a notification to update your system. If you do NOT see the notification, please select **"Check for Updates"**.

Select **"INSTALL"** for ELD Data Service. You should now see options for both Apollo ELD and eFleetSuite, with the option to disable eFleet-Suite. **DO NOT DISABLE EFLEETSUITE UNTIL YOUR CURRENT DUTY CYCLE ENDS.** 

**NOTE:** After your tablet has been updated you will receive this message when selecting eFleetSuite. **Please continue to use eFleetSuite until your duty cycle is completed.** 

#### DO NOT CONTINUE TO THE NEXT STEP UNTIL YOU HAVE COMPLETED YOUR CURRENT DUTY CYCLE.

*Did you disable eFleetSuite before your current duty cycle ended?* If so, proceed to page 6 for help.

## Once your current duty cycle ends:

5 After your current cycle, select "**DISABLE EFLEETSUITE**". At this point, Apollo ELD should automatically connect to your existing JBUS device. If it needs to be connected manually please see the instructions to **Connect your tablet to a JBUS device** on page 4.
